Fine grinding machine  
for producing precise flat surfaces

**SPIRO F7**

# Fine Grinding Machine Spiro F7

Machining of various workpieces made of different materials with opposing flat surfaces that are to be ground on one or both sides, e.g., wafers, valve covers

Machine type

Spiro F7

Machine no

360034

Technical data

Workpiece outer diameter:  $\varnothing$  5 – 220 mm

Workpiece height: 0.6 – 80 mm

Manufactured in

2024

Condition

Technical quality – very good

Optical quality – very good

Location

Germany

Warranty

12-month legal warranty,  
optional 12-month extended warranty

Price

On request, FCA Wolfach

Available

Standard delivery time 6–9 months (depending on scope)

Optional immediate delivery check upon request
